Professional Profile

Lisa has been with Perkins & Company since 1990 and has been in public accounting for almost 20 years. She was elected shareholder in 2002.

Lisa concentrates her practice on audit and business consulting for closely held businesses, with a secondary specialization in business valuations. Her clients include businesses in transportation, waste disposal, automobile dealerships, distribution, real estate, not-for-profit, and membership organizations. Lisa enjoys strong, long-term relationships with many of her clients due, in large part, to her ability to provide a full spectrum of business advisory services.

Lisa pursued a certification in business valuation because it is a perfect fit for her closely-held business clients who often need valuations for management succession, mergers and acquisitions, and estate purposes.
