Professional Profile

Patricia “Pati” Schmitt is a shareholder and the Director of Audit and Accounting at Perkins & Company. Pati joined the firm in 1988. She is responsible for planning and managing financial statement audits and providing business advisory services for clients in a wide range of industries, including manufacturing, distribution, software development and service industries. Pati has SEC reporting experience as well as an in-depth understanding of technical accounting issues.

Pati specializes in the audit of employee benefit plans and leads the firm’s practice in this area. Her team currently performs over 60 benefit plan audits annually, including retirement plans and health and welfare benefit plans. She provides annual training on ERISA matters as well as audit specific matters.
